Description

The village of Morey-Saint-Denis can be found just to the south of Gevrey-Chambertin and produces wines that are predominantly red - which were not distinguished from its neighbours until the strict application of the Appellation Contrôlée laws in the 1930's. The wines, on the whole, show a greater depth and concentration than those of Gevrey-Chambertin and their tannins are less forthright. They tend to be rich with lashings of red and black fruit character.

Wine tasting

- **TASTING NOTE** This wine displays a deep ruby hue. The nose is intense of grilled coffee and blackberry notes. The palate is full, very fresh and spicy - reveals blackcurrant and liquorice aromas. Nice length.
- **CELLARING POTENTIAL** 5-7 years
- **FOOD PAIRING** Game - red meat - mature cheeses.
- **SERVING TEMPERATURE** 15-16°
